'Finally we can bring the full
impact of circle-based circus
performance to streets, parks and
events, without the barrier of
staging'

Artistic Director - Steve Cousins

Now Available for hire!

Now available as a fully self contained outdoor performance space, our modular ring can fit in any space, creating a high impact focussed performance environment.

Production Notes

Designed for ease of use, *The Outdoor Performance Ring* has flexibility of options built in. It adapts to hard standing, grass and multiple levels and mimics the function of a circus ring, allowing close contact performance in the round.

The ring can be built by a team of 3 in 2-5 hours depending on components used.

Dimensions

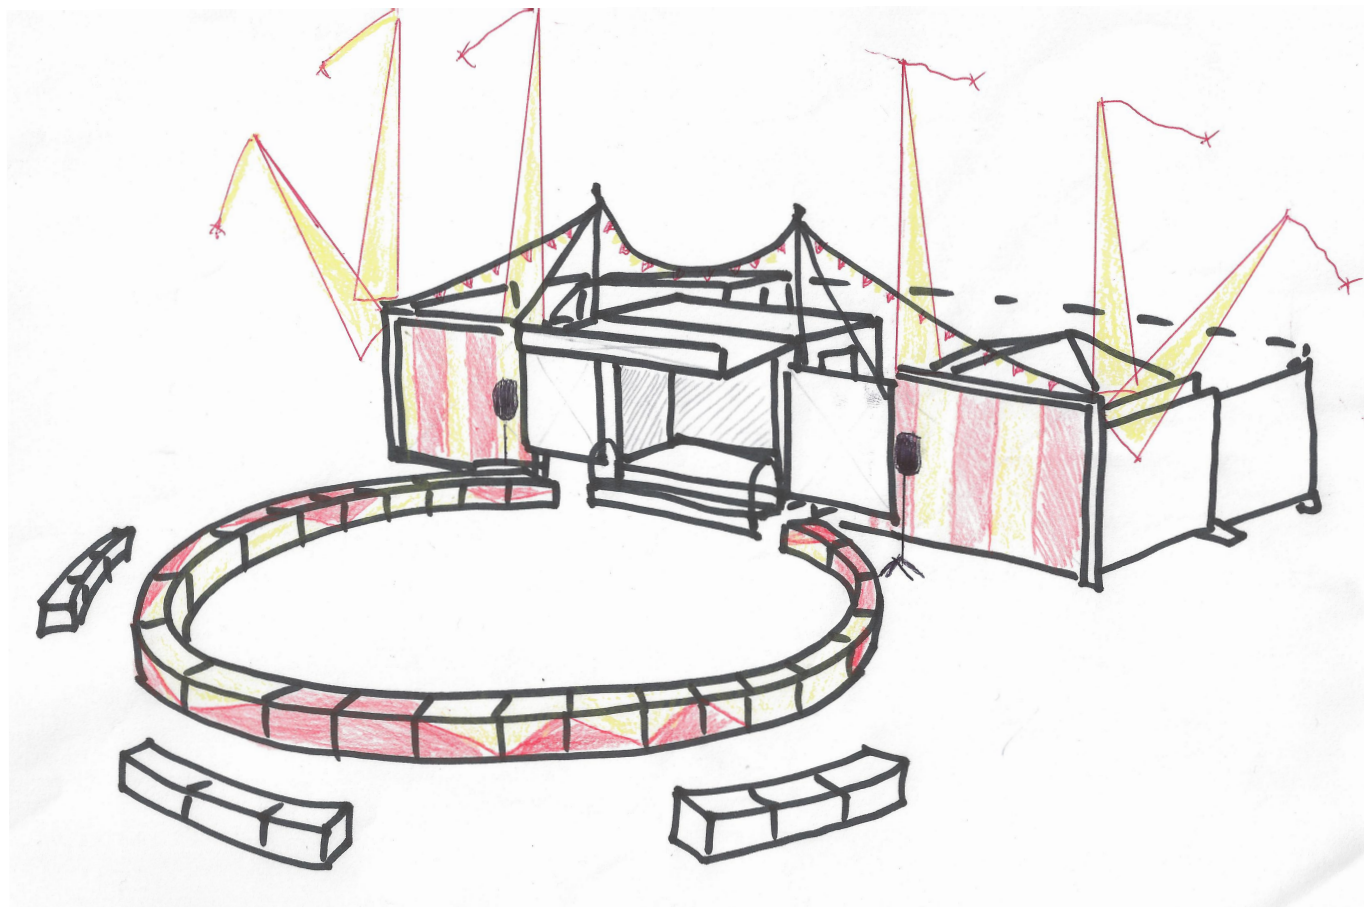

Trailer 6500mm long, 3700mm wide, 2900mm high

Wooden floor 10500 mm round or 10500mm x 14000mm oval

All other components are scaleable to fit.
